Nothing noteworthy has been done in any other articles. Late advices from Sydney quote

the decline in freights for coal for this port from 23s, to 12s., on account of unfavourable advices received from this place. This rate was so low that no vessels would accept business at that figure, and as a consequence nothing was doing in coal for Hongkong. This would make the quantity coming forward for the next two months exceedingly small, and will no doubt creats some activity in the market here as well as an advance in From Rusden Phipps & Co of roular dated Foochow November 17th, a steady husiness had been doing for the past work in Congons. Hongkong, Thursday Evening. Business with limited exceptions has been quite dull for the last two days, and to-day the early r. Polintd giving arrival of the mail has quite put a stop to transnations until an opportunity had been given to digest the news. In view of this fact the opium market has been without scarcely any movement, soil rates are therefore nominally the same as yestorday, viz :

\$6174 for Patna, \$6121 for Benares, \$325 for v morning with Malwa, and \$620 for Eleventh sales. The ten-10th and late dency however is slightly downward, especially for month. These Malwa. There has been conresly anything done in Catton, the Sales embracing 350 bales Bungal at \$20.50 to \$22 and 70 bales Tientsin at \$72.50. 4 Biching. Reported Piece goods are almost entirely neglected the only rale reported being 500 pieces Long Ella at \$0.56and 120 pieces Medium cloth at 83 cents. Nothing noteworthy has been done in any

other articles. Late advices from Sydney quote the decline in freights for coal for this port from a the Indian Go 23a, to 12r., on account of un farourable advices redeived from this place. This rate was so low that no vessels would accept business at that figure, and at a consequence nothing was doing in qual for Hongkong. This would make the quantity caming forward for the next two months exceed. logly small, and will no doubt create some activihous to attack the ty in the market here as well as an advance in Prince Charles

From Russian Phipps & Co circular dated Foothow November 17th, a steady husiness had been doing fur the past week in Congous. The remaining chaps of the first and second exces of Southong were being cleared off at comparatively cheap rairs. The settlements for the week had been 11.068 chests, 9318 half chests, and 380 boxes Congou, dust and broken leaf, at Tle 7 to 11, comman to good common at Tis 12 to 14.5, flavory to good flavory at Tla 16 to 20, 5,878 chasts and 868 crop) at 1 ls 18 to 30, 13,878 half chi 8'8 Onlong, fair to good cargo at The 19.5 to 23.50 and 1160 Hungarian which boxes Scented, fair at Tla 21. The Gauntlet with ( 919,200 lbs. and the John C. Munro with 862,000 the prevalence of los had sailed for London,

From late dutes to hand by this mail the bank rate remained at 44 per cent. The share and state of Candia are stock market was somewhat depressed, consuls having closed at a slight fractional decline. The Asiatic Banking Corporation suspended payment on the 5th October, the estimated liabilities of the concern were £3,500,000. The stoppings is accredited to the failure of Premchand Roychand & fitten sesent; £150,. Co. of Bombay. The China and Labuan Coal company propers to reduce their nominal capital, Liverpool 104,000 and the liability of the shareholders by making all the maran £5 each instead of £20 as beretofore. The Tea market showed a slight improvement and At the last sales there was a steady demand for fine new sesson's Congou and a manisfest desire was apparent to purchase. In Green Tex. the amount of business had been limited but prices for all kinds had been maintained. The Silk market was quite active with a rising tendency.

The atrivals were scenty and there was much speculation. A large business was doing in Cotton at advanced prices. This was chiefly due to the unfarmable advices coming from the United States in relation to the incoming crop. The Ohio, Indiins and Piece goods and Yarn markets were very dull and prices were weak, a light advance however had manifested itseif within the lage few days.

AN ANTIQUIMAN Some of the papers have ELMENH-RET and SANDER. quoted from the Birmingham Post an article about the late Madame Pulaker, as to the general purport and character of which we have nothing to say, but it contains an odd piece of pathos. In the GOBOWNS on Marine Lot N great " Hungari in struggle for liberty against | 715, at Wanchi, having Water frontage and despotism." says the writer, " there was no man about 25,000 Picule holding capacity for one or who sacrificed more than Francis Pulskry. What more Did he distribute "the famed Tokay wine" gratis to his thirsty compatriots in the revolution, or what? Our in formant proceeds to say, "Francis Pulszky" was not only the owner of the estates whence the famed Tokay wine is produced, for "he was and is an accomplished gentleman and scholar, and one who sacrifierd wealth, case, and all the accumpaniments that every achiler appreciates to his age in first class GRANITE GODOWNS on wanter of duty to his country." COURT MND PUNTI DIALECTS, PUBLISHER'S NOTICE. 1H18 WORK was commenced in November. 1884, the computation of the author their and douncies. being that it could be comprised in one thousand four hundred pages, and would occupy two years. Many unlooked for obstructions, chiefly of a typographical nature, materially retarded the progress of the work in the first instance, and these being overcome, the author discovered that he had underestimated the extent and the importance of the rast task he had undertaken, and that it | Public Accountants. would occupy fully double the time and space

which he had at the outset computed. The publication of a work of such magnitude, and presenting so many and such varied abstracles, | Dent & Co., Ohina. seldom falls to the limited resources of one single Individual, as occurs in this case, The first part of the work is now issued, partly at the request of the author and partly to afford the Porelyn Community of China an opportunity of extending that assistance to the publisher, which under the circumstances is usually so freely accorded. The price of the hook complete, will be \$30, and it will be published in four parts at \$7.50 each. But this objection presents itself to the sule of the paris separately, should the purchaser of one or more parts not take the others, a number of incomplete, and consequently valueless, copies will be left on the nublisher's hands. To remedy this objection, in consideration of the alreumstances already alluded to, it is hoped that those who see fit to patronise the undertaking by purchasing the first part, will not object to signing an engagement to take the remaining parts as they

appear, or should they prefer it, to pay for the entire work in advance. Missionaries supplied at Trade Price. Daily Press Office, Hongkong, 15th Vol. 2 666. OHINA TRADER'S INSURANCECOMPANY
